

Arguments Aired On Emerald Road At Friday Session

A capacity crowd of some 250 people packed the Lakeside Theater at Stateline Friday to argue pro and con the proposed alternate routes for the Emerald Bay highway.

The question of a high or low-level route has long been the subject of arguments between two factions, those favoring the more expensive and less certain tunnel route above the bay and those favoring a low-level bridge across the mouth of the bay, which would assure safe, year around travel.

The hearing Friday was conducted by Deputy State Highway Engineer A. L. Legarra. He said that he had some 150 letters concerning the route, most of which favored the high level road. However, more than two to one of the spokesmen at the meeting favored the bridge.

Charles Noble, secretary of the Tahoe Improvement and Conservation Association, expressed the

Gautsche's Speed Earns New Vehicle

Truckee has a real speedster in Rolland Gautsche, operator of two Standard service stations here.

For years, the young man has taken an active interest in cars and motors and has developed some of the fastest in the country and has 16 trophies to show for his activities.

One of the results of his speed will be the virtual gift of a new special built Ford car by an Oakland dealer. Gautsche gained this honor recently at Orville when he broke the existing world record of 109 miles an hour in a drag race. His time was 111 miles per hour for the quarter-mile distance. In order to gain the championship he had to break the 109 miles three times, but at Half Moon Bay later he could only accomplish 108 mph.

On October 13, Gautsche will compete for a \$1,000 purse with his partner in speed, Arlin Robinson of Reno. The two have built what they hope is a car to win the contest in Sacramento.

The local man holds the drag record at Silver Springs, Nevada, and was second in the hard top contests recently concluded at Reno in which four Truckee drivers were in the first ten places.

Highway Patrol Is Investigating Drag Racing In Vicinity

Unsupervised and unauthorized drag racing is not only illegal, but highly dangerous and participants—even spectators—are subject to arrest and where injuries occur as a result of the contests, severe penalties may be meted out.

This was pointed out by Patrolman Robert Horton, who currently is investigating a report that a number of local young people have been drag racing on the old portion of Highway 89 between here and Hobart Mills.

Two local youngsters, Allan Tapia, 16, and Michaela Long, 15, were hospitalized Saturday night when a car driven by Donnie Brooks, 19, Truckee, got out of control and overturned, the patrol learned. The other car involved in the mishap, Horton said, was driven by Frank Patton, 19, of Truckee.

More cars were on the scene, Horton said, and an investigation is continuing with an aim for citing the drivers as well as spectators.

Thompson Rites Are Held Tuesday

Last rites for Leland Alfred Thompson, 57, a resident of Tahoe City, were held Tuesday at 2 p. m. at the Truckee Colonial Mortuary with Rev. Clarence Crawford officiating. Interment was in the Tahoe City cemetery.

Thompson's body was found in his pickup truck on the main street here Saturday afternoon. He had apparently taken his own life with a rifle bullet, officers said, sometime Thursday morning.

Thompson had been despondent because of ill health and was returning to his home following a visit with a brother in Washington when the tragedy occurred. For some time, it was learned, he had suffered from a heart ailment.

Surviving are his wife, Minerva, a son, David and a daughter, Linda, all of Tahoe. His mother resides in southern California. A brother, Maurice lives in Wisconsin and a second brother, Allan, in Washington.

Burglar Suspects Are Apprehended By Nevada Police

A few hours after they were accused of burglarizing the Tourist Liquor Store here, six people, including three minor runaway girls from Pocatello, Idaho, and three men from Canada, were arrested as suspects in Carson City.

Sergeant Roy Waters of the local squad of the sheriff's department, said it was very unlikely the six will be returned to Truckee as the men are wanted as parole violators in Canada and will also be questioned by the FBI and immigration authorities.

The men are Vincent A. Beaudwin, 21, Ronald H. Garner, 24, and Robert D. Gross, 22.

Two of the suspects were arrested shortly after they registered at a Carson City motel and the others were nabbed on the street for questioning. A 30-30 calibre rifle, allegedly stolen from the liquor store here was found in the motel room fully loaded. Other articles said to have been taken in the Truckee burglary were also recovered, Waters said.

The names of the girls, 16 and 17 years of age, were withheld.

An all points bulletin was put out here after the suspects were accused of breaking the glass in the front door of the liquor store to gain entrance. They stole the rifle, a box of ammunition, looted the store of wine, whiskey and food, Waters said, and fled.

One man was seen running from the store by Steven Wagner, operator at the Southern Pacific depot, who immediately notified the officers.

Sixty-two fires, the total for the season to October 2, were reported by the Truckee District of the Tahoe National Forest, 15 being man caused, the balance by lightning, according to Henry Toccalini, assistant fire control officer.

Constant vigilance, he said, is necessary by everyone of the many thousands of people in the vicinity to prevent devastation.

An incipient fire on Barker Peak, four miles west of Home-wood, was discovered by Robert Stark Sunday evening and quickly put out by members of the Truckee district fire suppression crew. A helicopter hovered over the area watching for any further sparks. The fire was believed to have started from a holdover lightning strike early last month.

DIVOT-DIGGERS

By BETTY KIELHOFFER

First of all, I'd like to make a correction on last week's article concerning the junior play-off. It was between Randy Russell and Doug Doolittle, with Doug being the champ and Randy runner-up.

Congratulations, boys—secondly, Norma Russell is the new champion among the ladies, having won the 36 hole match with Mike Ellis, who is runner-up in this division. . . in first flight, Vina Clepper came through victoriously with Mary Ann Tonini. I'm sure all these winners are breathing a sigh of relief as they had to go through several matches to end up in the top spots. . . Lauren Russell had a narrow victory over Frank Gaiennie last Sunday and will play Karl Kielhofer next. The winner of this match will be up against that 'wizard' of the links Mike Popovich for the final 36 hole play-off in championship. . . In first flight, Zeph Rose and Ernie Ineichen lost in succession to John Waller, who now plays Clarence Osburn. This flight takes a little longer as there were more participants. To all the losers, bless their hearts: The only trouble with being a good sport is that you have to lose to prove it, huh? . . . The Firpo, Moretta, Cozzi threesome that I stated would put on an exhibition game had to postpone it but reported they will be there with 'bells on' next Sunday so give them a wide berth. They're out for blood. I may record this match with my tele-photo lens. . .

The Tahoe Lake school student body last week elected officers for the coming year in the first election of its kind to be held at the school.

Those elected to office were Cathy Conners, president; Dana Wilcox, vice president; Julie Bechdolt, secretary; Anna Marie Conners, commissioner of recreation; Jack Dunaway, boys' commissioner of athletics; Cheryl Flory, girls' commissioner of athletics; Kai Smith, commissioner of finance; Jimmy Bechdolt, commissioner of control.

Also decided at the elections were the school colors of green and white and the school name of Tigers.

Other candidates for office were Dick Nielsen, Karen McBride, Tommy Heppner, Joyce Anderson, Diane McBride, Virginia Laughlin, Alice Calhoun, Judy Detzler, Lynn Collins, Greg Hickox, Frank Martin, Stephanie Snyder and Kristin Meixner.

Christina Keehn, daughter of Bill and Pauline Keehn of Tahoe City, celebrated her ninth birthday with a party at her home last Saturday.

Observing their wedding anniversary this week were Mr. and Mrs. Carl Bechdolt, Jr. of Tahoe City.

AUXILIARY PLANNING ACTIVITIES AT LAKE

KINGS BEACH—Pearl Draney, resident of V. F. W. Auxiliary No. 7077, Lake Tahoe, outlined the activity schedule for the next three months to the group at their meeting Thursday, September 28.

Dues and the new personal cancer insurance instituted last December are being collected at this time by the membership committee. Each member is reminded that dues for a current calendar year start as of October 1. Mrs. Draney stated a revolving trophy is offered by the Department of Nevada each year to the auxiliary being 100 per cent paid as of December 1. As the Lake Tahoe group won the trophy two years in succession and missed by one member, the following year, in keeping the trophy permanently the support of each member is asked to again bring the trophy to Tahoe.

Members are busy sewing the wardrobe for the 20-inch doll which will be given away on December 14. Other members will donate so various accessories can be purchased to complete the

after all, these three might be to the annals of golf history what Maris and Mantle are to baseball. . . I read in last week's paper that Ed McNeil of Reno had made an eagle on No. 2 fairway recently with two great shots, but can't resist saying that one of our own local golfers accomplished the same feat two months ago on No. 8. Witnesses reported that his drive was a 'blooper' but with his trusty four iron, he smacked a tremendous shot some estimated 180 yards to the green and in the hole. This was done by none other than Z Markets Zeph Rose. So there. . . I also heard that our pro, Orf DeLuca, set a new 9 hole course record here with a rip-roaring 31 the other day. This is getting pretty low and it may be a while before it is broken. . . see you at the special club meeting next Monday evening at 7:30, which is to decide the location for our dinner-dance on October 28. Be there, please.

Those attending were Louise Walter, Cleta Liddle, Bea Snell, Unadell Crawford, Pearl Draney, Bernita Jones, Esther Horstman.

SUMMIT SCENE

(SCENE II—Second Series)
The life of a columnist, we have found is one of assertion and denial and assuaging. So we will make the necessary corrections, before we start our trip, do the necessary massaging to injured libidos and "carry on."

A few moments after sticking our first article under the door of the Sierra Sun—Bob Allen of Soda Springs let us down and put his woman in her rightful place. HE got the buck. Thus demoting Ruby from her long held title of the Mountain Diana, and taking on the title of Actaeon for himself. (If he had been looking over our shoulder—we would say that

he beat her to the buck on purpose).

And then—for correction No. 2—we are sorry that Brad Board didn't make that trip with Herb Frederick elk hunting. And wonder why he didn't? Well, he can dream, can't he?

And as for assuaging. Uncle Bert (Barber) you were supposed to come under the category of Donner Summit Lodge where we knocked off on our trip of last week. But we don't blame you for feeling blue about your beautiful new home not being mentioned. We know that nary a stick or a stone is out of place on your property adjacent to the Zorichs home. You adhere strictly to the anti-litter code, even in building and by the looks of the property that surrounds your mountain castle, you must have your own particular clean up Genii, for one simply cannot come so close to

measuring that a few odds and ends of shingle, metal, scrap, or lumber cannot be discovered. So there.

And now we'll continue:
Yep—Uncle Bert and Dorothy Barber are the hill's longest (in one lodge) staying inhabitants. Think it racks up to about a quarter of a century. Right? Still at D.S.L. as was Evelyn Tremaine, housekeeper de luxe who left that establishment not too long ago to enjoy her pension and bask in the sun of a well earned permanent pension. Dale Mason, well known head waitress on this Nob—also reigns in D.S.L.'s dining room—and all await the taking over by new owners sometime this month. We have refrained from dwelling on the building of the new freeway—but at this point will say that the upheaval, turmoil, and infernal racket just below D.S.L. designates the interchange that will be the gateway to a "Pocket Full of Recreation" which will be the Soda Springs to Donner Summit area during the winter. For the state will keep Highway 40 opened from the interchange to Donner Summit and shoo all heavy traffic—(which we have followed for years, whose fumes we have inhaled for years, which has taken up our precious parking spaces in the white gold months) over the

new Highway in the Sky on their westward and eastern journey. And while we try to keep from digressing on our westward journey—we just have to stop long enough to view the sign already set up at the phantom entrance of the "Pocket Full of Recreation"—mentioned sign saying something like the Donner Summit Recreation Area—and put up, and donated, and paid for by the Harold Eugene Post No. 811 of the American Legion. (And Edvi Aro is darned proud that he was an officer when this contribution was made to the community that he has lived in for so long a time).

And now westward ho. As we travel down the new freeway (and we are on it now) we glance to our right to view Kingsvale which has become infinitely precious to its 80 some residents—now that the racket of truck traffic has bypassed its sylvan beauty and we think of the many, many people who have asked us about property in that lovely area where "traffic cannot be harmful to our youngsters." And we remember this last summer's resident meeting of the Kingsvale clan—where provisions were made for the installation of winterized water so that there Kingsvalites can use their places in the winter months—even if they do have to make snow treks to do so. For hitherto—the Kingsvale water works was shut off at the end of deer season as its water lines were either too close to the surface, if not right on the surface. So we are reminded of Ray and Lola Dunshee—who will be two of the many Kingsvalites who will reside in that area all winter, as they have their own water supply.

Meet Dave and Roma Young who purchased Wofford's Motel and now have given it the glamorous name—designated by a neon sign—of "Yuba Sands." You'll love Roma with her English accent—and indeed she came from England. She'll gain say all your conceptions of the English people—not blond and fair skinned and aloof, but dark haired and "bubbly" and with a sense of humor that sparks her deep blue eyes. And as she cooks and makes beds, and does the other hundreds of tasks that we are all doing these days with our houses full of construction people—she "sings" of all things as she puts in her from 12 to 16 hours a day. Yep, you'll like Roma.

And now—still on the frontage road—we glance toward beautiful Pla Vada where Phil and Helen Nicholls live in their model home and contemplate their huge domain. And we remember that 60 new lots were opened in subdivision No. 2 this spring and that, under the good direction of broker Rolly Hastings—many, many of these new lots have been sold. And we believe that we counted 18 completed homes in that new tract. (Remember when it was said—that a "cited mountain tract with all of the conveniences of the city" wouldn't "catch on" in the mountains where people flocked to get away from "cited conveniences"). If you were one who so prophesied—better hie yourself to Pla Vada and gaze at homes, some of which run

around the \$35,000 mark.

So off with the old front road and back onto the new. Just for a few miles until we hit the two laner again. And what is to become of the spot where sits old Crampton's Store? Afterwards Helgren's—Now Beery's? And we think of our last shopping spree at this place at the "sacrifice sale" which means another disappearance act in the name of progress—when that huge worm—(known as the Freelan which is 40) winds its way through this territory. Good-bye Beerys—wherever you are bound for and we hope you find a place as cool, as inviting, and as "homey" as this one you must leave.

We haven't time to stop for tear shedding and we peek around the bend westward to see Milt and Maggie Avila's Glacier Gap Lodge sitting like a castle on a rock in the Yuba and whose moat is the Yuba. And we remember that, as skiers, Milt and Maggie met in this country—couldn't escape its Lorelie Call—and returned to purchase one of the most attractive places in the whole area.

Then on to Rainbow Tavern where Esther and Ken Heinbach still put in their shift and a half everyday. Lovely Rainbow surrounded by rushing water and trees showing the first gold of fall, and dominated inside by good, old pug nosed canine Max.

And as we look at our reams of copy—and want to cover the down hill places in this, our second report, we will skip lightly over the remaining westward trip—and come back in the future to detail it more clearly.

Bert and Dot Bacon at Glen and Velda Parsons old "Trailside"—rebuilt and going great guns in the form of gas pumps, coffee shop, upstairs apartments—and the works. And in our business and in the Bacons business—we haven't had time for anything but a brief "hello" all summer. And across the street where Big Bend Ranger Station authoritatively squats—we see Fran and Howard Drago, and Bob and Mrs. Mason, and the Wycoffs—who have recently taken the place of Mr. and Mrs. Paul Madden and Howard Hickey—and we know we've missed a few—but, as stated, we will return.

Which brings us into Cisco—and if we are going to cover the opening of the "Social Season" (next) we'll have to drop you off at this point and finish up in report No. (Continued on Page 6)

TAHOE BRIEFS

(Continued From Page 4)
joyed with friends, Nicholas Bruni of Hillsborough.

Happy birthday, Stan Baker on October 6.

Women's Society Christian Service of the Kings Beach Methodist Community Church sponsored a church dinner on Sunday under the chairmanship of Eda Judy. Approximately 130 persons were served a delicious home cooked meal. Assisting Mrs. Judy were Louise Walter, Pearl Draney, Alice

Hall and Ruth Mizner.

Gay Nineties Costume Ball held at the North Shore Club on Saturday, September 23, was just that. Cocktails preceded dinner and dancing. Tony Rose's music and Linda Lee and Her Lads. Prizes by the dozens were awarded the lucky winners. Judges for the dress parade were Marjorie da Costa, Betty Stoddard of Channel 8, Reno, Earl Gray and Lyn Ribal. Pearl Kientz won the most beautiful single award; Emma Jean Hume, funniest single; Jeri Rayburn, most original single; Mr. and Mrs. Ted Startz, most handsome

couple; Mr. and Mrs. Ellis Whitely, best original double and Mr. and Mrs. Fred Schultz, most fun. An outstanding costume was made by Maryann Dunham for Hal and herself. Original clever stitching. Over \$800 was realized from the benefit for the Tahoe Forest Hospital. Presentation will be made to the hospital administrator at the next Women's Club meeting. Considering the tremendous success of the ball, everyone is anticipating this event as an annual affair.

Women's Club of North Tahoe will meet for noon luncheon on

Monday October 9 at the Crystal Bay Club at Crystal Bay according to Pearl Kientz, president. A short business meeting will precede the program. Speaker will be John L. McGlade, administrator of the Tahoe Forest Hospital at Truckee. McGlade will be presented with a check from the Women's Club for the proceeds raised at the benefit, Gay 90's Costume Ball, held at the North Shore Club on Saturday the 23rd. Members are urged to be present and bring a guest.

Ray and Betty Brewer of Kings Beach are the proud parents of a baby girl, born in Reno, September

26, 8 p. m. Name not decided as yet. Three boys and two girls await the newcomer's arrival at home.

Penny and Steve Frost of Kings Beach have moved to Reno. Penny was with Jetta's Coiffures and has been replaced by Jon Yohrling of Crystal Bay.

Frank and Minnie Wagner of Kings Beach have returned home after a vacation to Grants Pass, Oregon. While there visited Carol Howard former Kings Beach resident and report they had a wonderful time.

Reno visitors having fun at Johnny Gains birthday party on September 25, were John and Jeri Rayburn of Incline Beach and Lyn and Beverly Ribal of Carnelian Bay.

With the start of school, interest again is centering on Girl Scouts and Boy Scouts. Vivian Carrara of Kings Beach is heading up the intermediate Girl Scouts and needs assistance. Scouting takes time and always can use helpers. Any volunteers? Call Vivian or Doug.

Happy birthday Syd Moore of Kings Beach on September 23.

Friends were surprised and happy to learn of the marriage in Reno on September 26 of Dorothy King of Incline Beach and George Williamson of Crystal Bay. The couple left for a trip to Bellevue, Washington, thence down the coast and back to Reno. The Williamsons have purchased the C and R Trailer Park near Stead Air Force Base in Reno and plan to make their home there after November 1.

Norman King who has resided at Incline Beach with his mother, has moved to Kings Beach. Congratulations and best wishes, Williamsons.

3. Just to orient you.

Buttons and bows, curls and pearls, finstones and rhinestones, no heels or high heels, odors of shoe polish, cologne and perfume,

pomade and hair oil, hot canapes, hors d'oeuvre and baby pizzas. Candlelight and cocktails. This was the "official opening" of the mountain's social season. With all of the homey ceremony that Barbara Zorich can and does muster — the open house cocktail party held last Sunday evening at

the Zorichs gracious home at Soda Springs was "put together" in regal manner. Could it be that the party was to unveil the Zorichs new addition to their home — a family room complete with cocktail bar, fireplace, paneled walls, tiled floor and the best of taste accompaniments? And we met them from Truckee, Marysville, Sacramento, Alta (these being the Dr. Widing family) and Norden and Soda Springs. Barb told us that she had sent out 150 invitations and for the short time that we were there, we are sure that the ebb and flow was at least this many. A lovely party. (And is always said by the localites — when they get together — and this summer has precluded — "Why don't we have more of these?")

And now to the last item which is business wise. We hear a moaning and a groaning sound from the Soda Springs Ski Corporation Hill. And as Max Williamson happened to drop in Zorich party bound he cornered him to learn that a "real, slow moving rope tow for the San Juan School District — which can also be used on busy times by the corporation" is being stalled. Max says that the tow will be from 600 to 800 feet long. So we found out, on inquiry, that most of the rocks will be moved off the Jay Bar Hill, and that some more logs and stumps will be shaved off of the Chair Lift Hill. And that Jim Winthens will still be director of the ski school with his same staff of instructors that officiated last year.

So as we connect Jim Winthens with the project — we are reminded that the San Juan School District of Sacramento (one of Sacramento's larger school districts)

Announcement Concerning

OLYMPIC HEIGHTS

We take pleasure in announcing the appointment of Donner Trail Real Estate, EVE POPOVICH, Broker-Manager, as exclusive sales agents for Olympic Heights.

It is our desire to make of Olympic Heights a well-planned, highly improved, carefully restricted, year 'round residential community.

To this end, the streets in Units I and II have been improved to County standards and are now a part of the Nevada County Road System. The County, in cooperation with the developers, has just completed the surfacing of these streets.

Water lines have been extended from Truckee through these two units. These lines have become a part of the Truckee Public Utility District System which insures residents an adequate supply of water. These improvements are fully paid for. THERE ARE NO ASSESSMENTS.

The property has enjoyed ready acceptance by those who are looking for a site for a vacation home, or a year 'round home, or for an investment. Already more than two-thirds of the lots in Unit I and one-fourth of the lots in Unit II have been sold. However, a number of well located lots with excellent views remain unsold.

UNIT III (FINAL UNIT).

The lots in this unit have been staked. It is our intention to install in this unit the same high type of improvements, and to place the same careful restrictions, which prevail in Units I and II.

Very soon 35 of the lots in Unit III will be offered for sale. These are Lots 117 to 135 and 141 to 158. They will be offered at special introductory prices. It is probable that these prices will be raised in the Spring.

F. H. A. LOANS ARE AVAILABLE

This should add greatly to the growth and stability of the property. Already two homes have been built, two others are under construction and others are in the planning stage. We are glad that some of these are being planned and built by long-time year 'round residents of Truckee.

TERMS:

\$50.00 cash and \$50.00 per month. Substantial discounts from the list price are offered for payments of 10%, 15%, or more, in cash, if paid within thirty days from date of selection.

We are proud to have enlisted the services of Donner Trail Real Estate and Staff in offering this property to the people of Truckee. Won't you inspect the property with any one of the following:

Eve Popovich	Telephone LU 7-3550
Betty Kielhofer	Telephone LU 7-3450
Jack Dutweiler	Telephone LU 7-3550
Dan Horman	Telephone LU 7-3665
Charlotte Harris	Telephone LU 7-3004

If you prefer, maps, brochures and price lists will be mailed to you. Each purchaser has 10 days following tentative selection to decide definitely whether or not he will take the lot. If so, he has an additional 30 days in which to decide on the terms on which he wants to buy. Ask any of the above selling agents to explain our unique selling plan and terms.

DONNER DOINGS

By VIRGINIA O'BEAR

Ivan Tofft was out taking one last ride in his new boat Sunday before taking it out of the water until next year. He was also doing some fancy skiing and when it came time to take the boat out, Ivan had a terrible time. The water is down so low that he couldn't get the boat on the trailer and got stuck. Along towards evening we noticed he finally got it out, how I don't know. We have one of those floats that you can push whenever the water goes down, that way your boat is always in deep water. We will leave ours in until the snow flies, which all of us hope will be in December.

They say everyone should get a high school education and that you never get too old to go back to school. Mrs. Earl Lewis is taking three subjects a day, five days a week at a high school in Sacramento. She is my age and has been coming to Donner nearly every weekend and likes it so well that she is trying to transfer to Tahoe Truckee High. Her husband works on the Briggs, Conley, Dennis construction job here as heavy equipment operator. I do hope they make Donner Lake their permanent residence.

Everywhere you look someone

We are completing our first unit on the beginnings of our country from the times of Columbus to the settling of Jamestown. This has included doing questions, maps and a report. The student who have turned all of this in were Darryl Cernusak, Howard Price, Bruce Templeton, Beverly Bergman, Steve Felte, Carol Griffin, Celia Manning, Paula Martin, Barbara McMillen, Colleen Murphy, Michaela Rates, Larry Tiller, Cathy Whitehead and Gail Wilson.

Mr. and Mrs. Leslie Denton are at home at Kings Beach after a trip of several thousand miles, during which they went to Roswell, New Mexico where their son, Dean, aged 16 entered a military academy. Mrs. Denton has also recovered from an illness since their return.

is building a new home or adding on to one they have already. A. Carles has been at his home the past week and is putting in a garage for his boat and jeep. The Pankokes are putting in a rumpus room which will really improve their property. Martha had to take out her pretty flower garden but then next spring I am sure she will find another spot. Martha is in the market for a reasonable old time piano, so if any one of you have one, give her a call. We will all have to get together and help Bob and Martha initiate that new rumpus room when Rex Reid gets through building it.

The Donner Lake Volunteer Firemen have resumed their meetings again at the fire house now that the busy summer is over. They meet the second Tuesday and fourth Thursday of each month and cards are sent before each meeting reminding the firemen to attend. Last Thursday night they met for a regular meeting and enjoyed a movie.

The Auxiliary of the Donner Lake Volunteer Fire Department will meet at the Church of the Mountains this month, October 19. The dinner is set for 7:30 p.m. and will be cooked by members of the WSCS. Hostesses will be Elaine Lander and Kay Hubbard. These dinners are always good so plan to attend and take a friend.

WOODSMAN HELD IN SIERRA BURGLARIES

LeRoy Fields, 45, described as a cunning woodsman who looted more than 35 cabins in the Sierra this summer, has been jailed at Auburn and charged with burglary.

The suspect, an ex-convict, was arrested by Southern Pacific agents at Sparks, Nevada and charged with drunkenness. He later was identified by authorities as being wanted in Placer County and was returned last week.

He had been sought since early last spring when cabin owners in the Soda Springs and Foresthill areas reported they had found their homes ransacked and in some cases damaged.

Undersheriff Fay Bates said most of the cabin burglaries were thought to be done by Fields be-

WAGNER QUARTET AT NEVADA LODGE

Music, marimbas and melody will entertain Tahoe vacationers when the swinging "Bo" Wagner quartet is featured in the theatre-lounge of the Nevada Lodge, largest resort-hotel-casino at the north end of Lake Tahoe. This tune filled show will run through October 11 at the "fun center" of Tahoe.

Led by dancer, drummer, marimba artist Wagner, this talented act of two guys and two girls offers the tops in rhythmic entertainment.

cause they followed his known habits of taking what liquor he could find and seldom staying in the cabin for any length of time.

EMERALD BAY

(Continued from Page 1)

desire of his group by saying: "Emerald Bay is one of the most striking views in the Sierra Nevada. It should remain in as nearly a natural condition as possible." Swift Berry, former state senator, expressed the views of those favoring a bridge by saying: "The low level route will be shorter, easier to maintain and provide easier snow removal. The upper route is not entirely feasible."

Another speaker favoring the bridge was George Kehlet of Meeks Bay who declared: "Private resorts are being forced to give up camping because of local taxes and regulations. The parks could be highly used for such purpose if there were roads leading into them. I don't see how this can be done without a low level road and bridge."

Frank Gaennie, manager of the Sierra Pacific Power Company in this area, said: "In our opinion, the low level route, engineering ways, is the only route."

Max Hoff, Homewood, declared: "The local people are concerned with beauty. The most beautiful view of the bay is from the mouth. We have all seen beautiful bridges, but has anyone seen a beautiful snowshed?"

Other speakers spoke pro and con, but it was generally agreed that no official action by the division of highways will be taken for some years to come. In the meantime, the arguments are expected to continue.

The next step is a study of the transcript of the meeting by the state highway commission, from which a tentative decision may be reached.

More Freeway Is Started On Donner

Work has started on the clearing of trees and brush from the right of way of a future 6.3-mile section of freeway on U. S. 40 in Nevada and Placer Counties, according to California Division of Highways officials at the Marysville district office.

The project will extend east from near the junction with State Sign Route 20, about three miles west of Cisco Grove, to Hampshire Rocks.

Hubner & Michner, Inc. of Denver, Colo., hold the \$273,000 contract which is expected to be completed by June 15 of next year. George Ellis of Yuba City is resident engineer for the highway division.

The construction contract for grading, base, and paving of the four-lane divided freeway is expected to be advertised for bids early next year.

Traffic on the existing two-lane highway will not be affected by the clearing operations.

The project marks the initial phase of activity on the last section of U. S. 40 on the 120 miles between Sacramento and the Nevada state line that is not already four-laned or under construction.

The 5.4-mile section from Emigrant Gap to the SSR 20 junction got underway in July and is expected to be completed sometime in 1963, depending on weather and availability of materials.

At the east end of the clearing job, the six miles from Hampshire Rocks to Soda Springs was finished 1959.

Also under construction is the 5.1-mile stretch from Monte Vista to Baxter, which will be opened to traffic before the end of the year.

The new alignment over the crest of the high Sierra, from Soda Springs to the east end of Donner Lake, is currently being graded and structures built under two separate contracts — one on the west side and one on the east side of the summit peak. Completion of these is anticipated in late 1962 or during 1963. A third contract will then be advertised for the base and surfacing of the entire new route. This total 10.4 miles will by pass the existing Donner Summit highway to the north.

CARD OF THANKS

I take this means of expressing my appreciation for the rapid, efficient work in apprehending those involved in the burglary of the Tourist Liquor Store last week.

My thanks especially to Steven Wagner, Deputies Sheriff Roy Waters, Leo Zander, Emery Lander, Constable N. F. Dolley, the California Highway Patrol and all others who so capably aided at that time.
